

JC pic 74: Here are the straps that will hold my mufflers in their cradle.

JC pic 75: And here is the muffler cradle.

JC pic 76: Mufflers are temporary mounted in cradle for fitting.

JC pic 77: Mufflers and cradle are mounted in chassis. I only ended up with 12" exhaust pipes.

JC pic 78: Rear view of my Diabolic with mufflers installed. I cut the rear bumper off to redo the rear body. GTRs don't have a rear bumper.
